

AXON'S SELF-CENTERING SHEAR RAMS

# V-SHEAR<sup>\*</sup>

**HIGHER** shear force  
**LOWER** operator pressure

To meet the industry's needs for shear rams with improved performance and reliability, AXON's versatile, self-centering V-Shear\* delivers the following advantages:

- **IMPROVED CENTERING:** Design allows pipe to be pulled closer to the center
- **HIGHLY VERSATILE:** Capable of shearing wide range of pipe sizes & diameters
- **PREMIUM SEALING:** Utilizes innovative lateral seal design
- **SUPERIOR EFFICIENCY:** Higher pipe stress concentration for quicker shearing
