

Certificate of Authorization

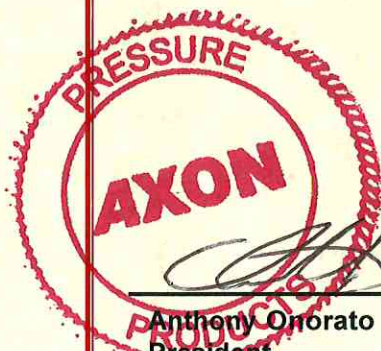

Regional Marine & Engineering Services

Singapore

AXON Pressure Products issues this authorization to provide inspection, repair, and remanufacturing services as an extension of the Original Equipment Manufacturer (OEM) or Current Equipment Manufacturer (CEM) on its behalf as defined in API 16AR. This approval pertains to API 6A, and 16A products that are within the scope of our respective API licenses.

Welding is limited to approved WPS on file with AXON Pressure Products Quality Department.

License Number – 14-135-01
Effective Date: 15, April, 2018
Expiration Date: 15, April, 2021
